AN ITALIAN STORY

Andrea has invited us for a coffee in his *new home*: after a long renovation, it is finally ready. Here in Siena, finding parking near the city centre is quite a challenge. Along a small uphill street, we find the entrance—a red-brick building with the window of a restaurant opening to one side.

We step inside, a little *curious*. We know his passion for design and his instinct for refining every *detail*, including those elements that seem accidental or imperfect, yet never are.
